

Dear Parents/Carers

Moffatdale State School offer families each year the option of paying for a Student Book Pack which supplies each student with all consumable items required throughout their schooling activities for the year. Parents are strongly encouraged to purchase our Student Book Pack to ensure maximum benefit from a greater buying power.

Some of the benefits include:

- Cheaper cost to parents through bulk buying power
- All items purchased are top quality and value for money
- We purchase through our local newsagent, supporting local business
- Reduced financial pressure on families at the beginning of the year –payment plans available
- No need to run around chasing particular items - the school will handle everything
- Consistency of all resources i.e. brands, size of books, types of lines, etc
- Fewer concerns regarding personal belongings
- All consumable items will be replaced as needed throughout the year
- Individualised student workbooks

The cost per student will be \$130.00 which will cover all exercise books, stationery (writing pencils, colouring-in pencils, crayons, felt pens and writing pens), markers, glue, paper and any other materials normally purchased on the book list. The school will provide all classroom items required for your child to participate in school-based learning activities.

If a family chooses not to purchase the Student Book Pack through our school you will be provided with a book list for your child's class. Parents are to purchase the brands listed and have your child's name on each individual item.

We offer a few different payment options. The total amount can be paid in one lump sum at the start of the school year, fortnightly Centrepay payments can be set up or an individual payment plan can be arranged by contacting the school office. **Invoices will be issued in Term 1. (Please note we do not require payment now).**

Please do not hesitate to contact me if you have any questions.

Kind regards,

Rebecca Payne
Principal

My child/children **will / will not** purchase a "Student Book Pack". I understand the cost will be \$130 per student and I will be invoiced in Term 1 with full payment required by the end of the term unless on a payment plan.
